OTIS FREEMAN
VICE PRESIDENT IN CHARGE
OF ENGINEERING

July 1, 1966

Mr. Harold B. Whiteman, Jr.
Office of the Assistant to the
President for Student Affairs
New York University
Washington Square
New York, New York 10003

Dear Mr. Whiteman:

With reference to your May 26 letter about an FM transmitter for WNYU-FM, the firm of Peters, Griffin, Woodward, through the good offices of Lloyd Griffin, will consider buying the WPIX traded-in FM transmitter from RCA and donating it to NYU.

Before making a final decision PG&W needs to know the appraised value of the transmitter and RCA's firm price.

A professional appraiser, who is acceptable to the IRS, will have to appraise the transmitter. I recommend the American Appraisal Company, Inc.,120 Broadway, New York City (BA 7-~~7400~~). I also recommend that NYU hire the appraiser in order to get this arrangement started. American Appraisal estimates $300 for the job.

I will get a firm price from RCA.

Mr. James Skorupski looked at the transmitter and liked it. It is in first-class condition.

If you feel that NYU could hire the appraiser, please call me and we can decide how to get things rolling.

Sincerely,

Otis Freeman
